

A Message from the 2024 Maryland Charity Campaign Vice Chairs

October 2024

Dear State Employees and Retirees,

We are thrilled to be serving again this year as the Vice Chairs for the 2024 [Maryland Charity Campaign](https://mcc.maryland.gov) (MCC), particularly because this is a special year as we celebrate the 40th anniversary of the MCC.

Last year, together we raised nearly \$2 million for the Maryland Charity Campaign. Our hope is that to commemorate this monumental year, all state employees will participate in the Campaign with even as little as a \$1 donation. If we are able to achieve that goal, then this monumental year will also become a historical one. Let us reach these milestones together.

Your first step is to look through the Giving Guide that is posted on our website (<https://mcc.maryland.gov>) and identify the charities that you wish to support. You can also choose for your funds to be “Undesignated”, meaning that your donation will be proportionately split among the charities.

Next, from the [Maryland Charity Campaign](https://mcc.maryland.gov) website, you can click the “Give Now” button to get started with your pledge or donation.

Once that is complete, we strongly encourage you to spread the word. Tell your colleagues and ask them to join you in pledging or donating so that we are **“Making a Difference Together!”** Each one of you is important in making a difference, and each dollar received is aggregated and makes such an impact.

We sincerely ask you to participate and promote the Maryland Charity Campaign (MCC).

Thank you for your generosity,

Anthony Woods
Secretary, Department of Veterans &
Military Families

Josh Kurtz
Secretary, Department of Natural Resources
